

Midcoast Regional Redevelopment Authority

Deputy Director for Innovation and Development

The Midcoast Regional Redevelopment Authority is seeking to hire a Deputy Director for Innovation and Development. Under the general direction of the Executive Director this person will perform work of significant difficulty in proactively working with businesses to locate at Brunswick Landing (former Naval Air Station) in Brunswick, Maine. The Deputy Director will provide businesses expert advice on business development financing, assist businesses with the site plan, subdivision and/or state site location of development review and permitting process and serve as an advocate for economic development in line with the Reuse Master Plan and development goals established by the Board. The Deputy Director will act as the project manager for various projects that are located on the Brunswick Landing campus and are centered around implementation of the Reuse Master Plan.

Candidates must have a comprehensive knowledge of business development, factors affecting business and community vitality and community and economic development, strong knowledge of business financing and a working knowledge of municipal zoning in infrastructure and planning programs and processes.

The full job description is available on our website at www.mrra.us

Interested candidates should forward a cover letter and resume to: Kristine Logan, Executive Director, Midcoast Regional Redevelopment Authority at kristinel@mrra.us
